

## **Manuel Lobao**

Director of Cybersecurity & Compliance Services

Drawing on more than 20 years of experience in technology, Manuel Lobao is a recognized leader in the Information Security industry. Throughout his career, he has demonstrated an aptitude for aligning people, processes, and technology around security best practices and operational excellence.

Manuel works to protect Envision and its clients in a wide variety of ways. He is responsible for ensuring that security controls and risk mitigation efforts are operating as designed. He expertly leads gap analysis and remediation efforts. He also works to meet and maintain regulatory and compliance requirements.

As a certified EC-Council Instructor, he has created and led innovative training courses designed to help educate the next generation of IT Security talent. Because of his commitment to education and technological innovation, he was recognized as a TECH 10 award winner in 2020.

### **Certifications:**
