

## **Todd Knapp**

Chief Executive Officer

Todd has been providing IT services nationally for over 25 years and draws inspiration and insight from participation in a wide range of executive boards and industry associations. He has an extensive background in strategic planning and implementation of business technology solutions, and founded his firm Envision Technology Advisors. As a presenter, Todd speaks throughout the country on a variety of technology and business topics including: Modern Workplace, Digital Transformation, Cybersecurity, and Evolving Digital Culture to fit the Modern Workforce.

In his free time, Todd works with several non-profits and is also an avid sailor, wood worker, and scuba diver.
